## **HELP FOR CHURCH STAFF AND THE ASSOCIATION**

Gathering information for the newsletters is always difficult. Many of the ministry leaders and ministers are expressing their concern that they are not able to do this, that it is too difficult, etc. At the request of the Association's staff, there was a seminar on «How to Write a Newsletter Article». During this seminar, there was information on the different types of newsletters, their structure, gathering and editing of information, writing articles, and their final processing. Besides explaining the main rules of article writing, the listeners found out about different tools for converting speech to text, spell checking and style of writing, as well as touch typing in both English and in Russian. To access the seminar's content, see the following: «How to Write a Newsletter Article». [Part 1: Rules and Practices of Writing a Newsletter Article](#) | [Part 2: Resources to Help the Article's Writer](#). The recordings are in Russian only.

The content of the seminar could be helpful not only for the Association's staff, but also for everyone who is engaged in Church ministry.

## **BORIS BEREZHNOY WENT TO BE WITH THE LORD**

The earthly journey of a well-known singer and evangelist, Boris Berezhnoy, and his wife, Raisa Dmitriyevna, has come to an end. Both of them served the Lord in their individual ministries, both of them got sick with COVID, and both of them passed away. Many people knew Boris Arseniyevich. He was a talented singer with a unique voice, participant of hundreds of evangelistic events, was well-recognized all over the former Soviet Union and beyond. His wife was quiet and gentle, barely noticed by anyone while always serving in the shadow of her husband. However, according to Shirinay Dosova, she was a vital support and a source of strength for Boris Arseniyevich and their children.

We are grieving along with all of their loved ones. Until we meet again, dear Boris Arseniyevich and Raisa Dmitriyevna.

## NEWS FROM AROUND THE WORLD

Only 6% of Americans have a "biblical worldview," according to research from notable evangelical pollster George Barna released as part of a new endeavor with the Christian conservative advocacy organization Family Research Council. ### **LEGAL SUPPORT FOR THE CHURCH LEADERS**

The right to freely share the religious convictions, personal faith, and the message of the Gospel is now, more than ever, in serious trouble. Some of the government officials openly declare that this freedom must be limited. This poses the greatest danger to the church leaders. When it comes to freedom of speech, church leaders need to understand their legal rights.

In order to help in navigating this issue, a team of lawyers at the Alliance Defending Freedom provided an excellent resource for the churches. [Click this link to access](#)
